- **January 1996**
- **Language:** English
- **ISBN-10:** 1563971313

A THOUSAND COUSINS

Children's Literature

One of the great things about families is they can take a joke or at least provide great material for them! Harrison pokes harmless fun at getting even with little brothers, combating teen music, listening to father's snoring, and dealing with weird family names and hand-me-down clothes. The artwork, like the poetry, brings a chuckle to the in's and out's of everyday family life.
